

# Yeonuk Kim

Institute for Resources, Environment and Sustainability

The University of British Columbia | Vancouver Campus | Musqueam Traditional Territory  
436-2202 Main Mall, Vancouver, BC, V6T 1Z4  
yeonuk.kim@ubc.ca | <https://blogs.ubc.ca/ykim>

## Education

**Ph.D.** in Resources, Environment and Sustainability, **The University of British Columbia (UBC)** [2022]

Thesis title: Interactions between the land surface and the near-surface atmosphere: implications for evaporative demand and evapotranspiration under a changing climate.

Supervisory committee: Mark Johnson (supervisor), T. Andrew Black, Sara Knox, Monica Garcia, and Paulo Brando

**BSc.** in Rural Systems Engineering (*Cum laude*), **Seoul National University (SNU)** [2016]

## Professional experience

Postdoctoral Research fellow, UBC (PI: Mark Johnson)	[2022.12 – present]
Graduate Research Assistant, UBC (PI: Mark Johnson)	[2017 – 2022]
Research Associate, National Center for Agro-Meteorology	[2016 Fall]
Undergraduate Research Assistant, National Center for Agro-Meteorology	[2014 – 2015]

## Teaching and service experiences

IRES Departmental committee on Equity, Diversity, Inclusion and Indigeneity	[2023.10 – present]
Module developer and delivery. ENVR 420: Ecohydrology of Watersheds and Water Systems,	
Guest lecture topic: Evapotranspiration theory and applications	[2019 – 2023]
Mentor of Research Experience program (REX) for UBC undergraduate students	[2022 – 2023]
Mentor of a graduate student project. CPSC 532L: Artificial Intelligence for Social Impact	[2020]
Teaching Assistant. ENVR 420: Ecohydrology of Watersheds and Water Systems	[2018]
Teaching Assistant. LFS 250: Land, Food and Community 1	[2017 – 2018]

## Research interests

hydroclimatology, biometeorology, ecohydrology, land-atmosphere coupling, evapotranspiration, satellite remote sensing, machine learning applications, and climate change adaptation and mitigation

## Honors and awards

### Graduate program

President's Academic Excellence Initiative PhD Award. UBC	[2020 – 2022]
Four Years Doctoral Fellowships. UBC	[2018 – 2022]
International Tuition Award. UBC	[2017 – 2022]
Faculty of Science Graduate Award. UBC	[2017 – 2018]
Mitacs Globalink research internship in Technical University of Denmark (DTU)	[2019]
Award by President of Korea Water Resources Corporation. Idea contest for sustainable water management in South Korea	[2018]

### Undergraduate program

Excellent Degree Thesis Award. College of Agriculture and Life Science, SNU	[2017]
Grand Prize (Award by President of SNU). SNU Undergraduate Research Program, SNU	[2015]
Evergreen Scholarship. SNU Evergreen Scholarship Foundation	[2015]
Agricultural Engineering Scholarship. Alumni Association of Agricultural Engineering	[2014 – 2015]
Merit Based Scholarship (Scholarship of Superior Academic Performance). SNU	[2011, 2014 – 2015]
National Scholarship for Science and Engineering. Korea Student Aid Foundation	[2009]

## Research projects

---

### Current projects

Improving Estimates of Evapotranspiration and Land Surface Relative Humidity Using Satellite-Derived Soil Moisture and Vegetation Optical Depth from SMAP-SMOS and Land Surface Temperature from Sentinel-3, C\$ 250,000 from *Canadian Space Agency*. **Co-Investigator** on project and **Co-author** of grant proposal [2021 – 2024]

### Previous projects

Agricultural Water Innovation in the Tropics (AgWIT) project funded by the EU Joint Call for the Water Joint Programming Initiative 2016, *Natural Sciences and Engineering Research Council of Canada*. Graduate Research Assistant [2017 – 2020]

Constructing the foundation of core technologies for custom-made agricultural & forest meteorological services, *Korea Meteorological Administration*. Research Associate [2016]

Constructing the terrestrial ecosystem carbon database for the Carbon-Tracker-Asia improvement, *Korea Meteorological Administration*. Undergraduate Research Assistant [2015]

Development of time series database for CO<sub>2</sub> fluxes and investigation of ecosystem carbon dynamics, *Korea Meteorological Administration*. Undergraduate Research Assistant [2014 – 2015]

## Other professional development

---

Visiting PhD student. Dr. Monica García's group at Department of Environmental Engineering, Technical University of Denmark (DTU), funded by Mitacs [2019 Summer]

Invited workshop participant. 2019 AmeriFlux Early Career Workshop, Boulder, CO, USA [2019]

Workshop participant. CLM (Community Land Model) / CTSM (Community Terrestrial Systems Model) tutorial, National Center for Atmospheric Research (NCAR) Mesa Lab, Boulder, CO, USA [2019]

TA development program of LFS 250 course, UBC [2017 – 2018]

Workshop participant. The International Workshop on Agromet and GIS Applications for Agricultural Decision Making (AgMP, WMO), Jeju, South Korea [2016]
